The compact easy to use Portable Phone Amplifier comes in two colors for you to choose from black and white.

If you require additional amplification at any point in your conversation, simply press & hold the Boost Button. When the Boost Button is pressed, the microphone in the handset is muted. Release the Boost Button when you want to speak.

The power indicator light comes on each time you pick up the handset to indicate that the power level is ok. If the indicator light does not come on, check your adapter connections or replace the battery.
