Seniors and toddlers can enter a wet and slippery bath tub safely. Simply press the tab levers to securely attach the handle. It can be used on shower walls placed vertically too! It is so easy to install and remove, all you have to do is just flip the tabs. It's that easy and it will provide a secure hold to your bath tub or wall.

Take it with you on vacation or when traveling overnight at friends or family. It's good to have one at the grandparents home too. The suction cup area must cover mounting area fully to grip and can not be porous or textured.

This easy-to-grasp handle provides sturdy support when you get in and out of the tub. It secures instantly to fiberglass or tile with sure-grip suction cups - no tools needed!

Extra Stability where needed.

Fits any tub or shower.

No holes, Screws or mess.

Instant Suction Installation.

Portable for travel.

Perfect for renters.

Just release to remove handle.

The portable suction grab bar is easy to install, no tools needed, no hole to drill.

The large suction cups attach to virtually any smooth non-porous surface. These handles are great for assistance in or around the tub, or next to the toilet. Mount on the wall for help on the stairs; next to a chair for assistance standing or sitting.

The handle is completely portable so you can take it with you on the road. Use it in the hotel, at family or friend's homes. Easy to mount and remove with no holes to fill, no damage to the walls.

Never worry about getting in or out of a tub or shower again. This easy suction installation safety grip handle goes anywhere you go. Just release the lever to easily remove the handle and move it where you need it.

It installs in seconds, just place it on the surface and push the safety locking switch that's all you do. The two powerful suction grips are strong enough to provide the grip you need to safely enter or exit the bath tub or shower, or just about anywhere you need a hand. It's just as easy to remove as it is to install. To remove the handle, just unlock the switch and now you can move it to any location. Now you don't need to drill holes in your wall just to give you the peace of mind of a safety handle!
